Overview

The x360 Chromebook™ built for advanced teaching and learning

Improve learning outcomes, save teacher time, and engage students with the durable, versatile HP Chromebook x360 11 G2 EE. It's driven by the latest Intel® processors, can withstand drops and minor spills, and has enhanced connectivity and a long battery life that recharges fast.

- * Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.
- * Drop test is pending and is not a guarantee of future performance under these test conditions. Any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
