Samsung's 1st Curved Thunderbolt™ 3 QLED Monitor

The display's QLED presentation technology reflects colours and enralls through deep blacks, bright whites and pristine shades, for brilliant detail. This refinement, coupled with the sharp 1,500R curvature and ultra-wide 178-degree viewing angle, is designed to ensure full immersion in every scene.

Thunderbolt 3

Thunderbolt™ 3: One cable solution for fast charging

Through a single Thunderbolt™ 3 cable, users can link and dock their monitor and compatible laptop without extensive wiring. The Thunderbolt™ 3 connection allows users to enjoy connectivity across a range of devices.^ The Thunderbolt™ 3 interface also enables the monitor to provide up to 85W of laptop charging power.^

21:9 3440 x 1440 (Ultra WQHD)

16:9 2560 x 1440 (WQHD)

Work more efficiently with a single cable connection

CJ791's clear, detail-rich design empowers users to complete a range of tasks more efficiently. A 21:9 aspect ratio provides more screen real estate for multitasking, while a complementary 3440x1440 ultra-wide QHD resolution elevates content and imagery with nearly 2.5 times the pixel density of full HD alternatives.

General Information

Model Code	LC34J791WTE
EAN Code	8806088507118
RRP	\$1,599.00

Specifications

Screen Size (Ratio)	34" (21:9)
Panel Type	Curved VA
Curvature	1500R
Brightness	300cd/m2
Contrast Ratio	3,000:1
Resolution	Ultra-WQHD (3440x1440)
Response Time	4ms(GTG)
Refresh Rate	100Hz
Viewing Angle (H/V)	178°/178°
Embedded Function	Eye Saver Mode Eco Saving Plus Flicker Free AMD FreeSync PBP, PIP
Interface	2 USB-C(TBT3), 1 DP(1.2) 1 HDMI(2.0) 2 USB 3.0 HUB 1 Headphone OUT Speaker
Color	Dark Silver (Front) White (Rear, Stand)
Ergonomics	HAS, Tilt
VESA	Yes (100x100)
Type	Internal Adaptor
